### Message

I am pleased to extend my best wishes to all the participants of the 4<sup>th</sup> ASMITA Women's Judo League. This event is a significant step towards promoting Judo at the grassroots level, especially among young women, across the country.

The Judo Federation of India and the Sports Authority of India have worked hard to successfully organise 3 editions of the Women's Judo League, which is commendable. Such initiatives will give our Judokas a robust platform to exhibit their talent and consider sport as a primary career path. I wish all the participating Judokas and all the other participants a great success.

Jai Hind !
